ABOUT US Leader of Metal Processing

We are proud to be the leader of metal processing business.

We embrace a new generation point of view where we put the customer to the center and meet the highest expectations. We work on customized orders and personalized designs to give you exactly what you need.

We aim for low cost and high quality while fitting our quality and environmental guidelines. We constantly research and develop to do even better in metal industry.

We earned our place by doing sales with a professional team and exceptional after sales service. You can trust us with your metal cutting, metal bending, welding and coating projects.

VALUES

Commitments to Our Customers
Workplace Safety
Production Efficiency

5

MISSION

Mavi Lazer is a metal production and processing company which puts customer to the center. We produce locally and ship globally.

6

VISION

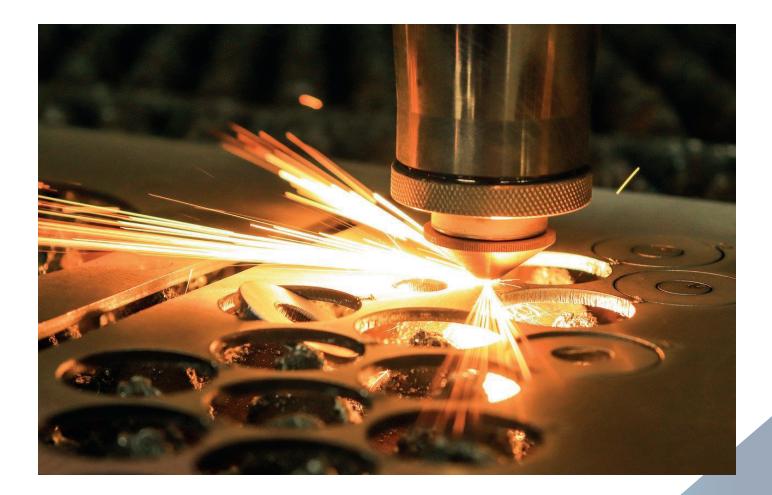

Mavi Lazer intends to facilitate making business. We aim to meet your most specialized requirements and make ordering simpler.

OUR SERVICES

We Offer a Range of Services to Meet Your Needs

You can count on Mavi Lazer to not only meet, but exceed all your needs and requests. Learn more about the services we provide below, and let us know if you'd like more information about a specific offering.

Laser cutting is the fastest and most efficient way of cutting metals.

It's precise, clean and high quality.

We use the best machinery and tools to get your design produced as it is.

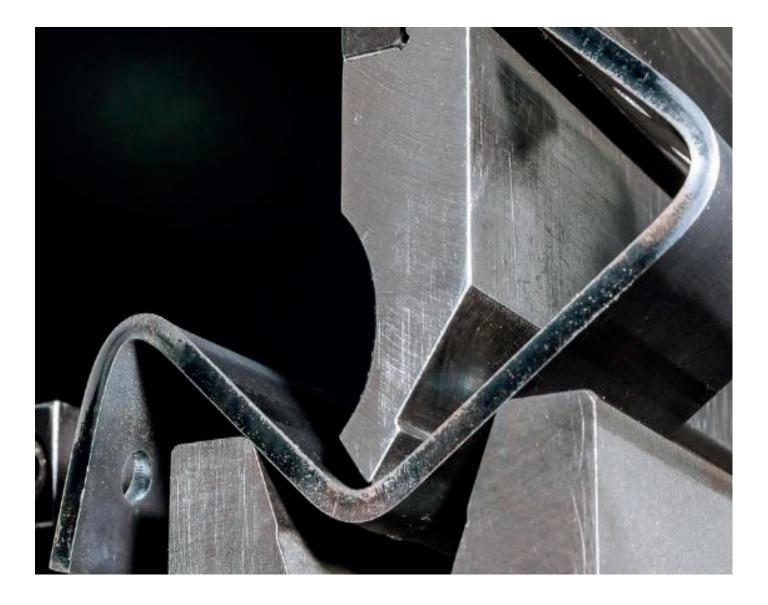

We use welding to joint metal pieces together. We care for details and aim for the cleanest connections.

CNC, computer numerically controlled bending is used for bending metal sheets as desired.

We use the latest technology tools for flawless shaping.

SPECIAL PROJECTS

Feel free to ask for extra services. We are happy to help in every way we can.

We can go beyond our service range to provide what you need.

After we process metal pieces as needed, we move forward with coating and coloring.

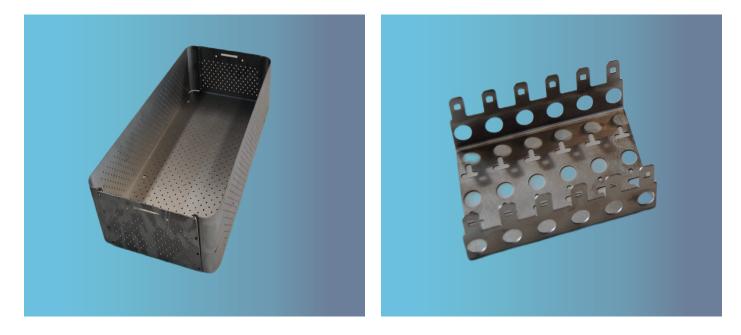

We use various methods to color metals.

PRODUCTION SAMPLES

We aim for the highest quality

We take each order as if they are the most important order.
